

Stinger X

IN STOCK NOW!

X3 SERIES

Audiophile-Grade Interconnects

BEST SOUND QUALITY & NOISE REJECTION

Available now, Stinger X-Interconnects in 3 levels of audiophile grade performance. X1 features Directional Twisted-Pair models in 2/4/6 channel configurations as well as Video, and Toslink options. X2 includes 2/4 and 6ch Directional, Shielded, Twisted-Pair models. Rounding out the series, the top of the line X3 in 2 and 4ch models boasts Silver-Plated Conductors, Locking-Ends, Double Twisted-Pair, Directional Construction.

Rotational locking end with Quad-Clamp-Precision 4-cut RCA

C3 Tech

Continuous Connection Construction (C3 Tech) provides unmatched signal transfer

Dynamic Signal Flow

Dynamic Signal Flow uses finely stranded silver-plated, pure OFC copper to optimize signal vs. frequency interaction for a dynamic listening experience

Lock Tip RCA Connectors

Lock Tip's rotational locking end with Quad-Clamp-Precision 4-cut RCA provides the ultimate in locking and clamping force with unsurpassed connection integrity

Noise Shield Directional Construction

Noise shield directional construction uses 3 tightly twisted conductor bundles (+, -, signal drain) per channel to create a directional noise cancelling architecture

I.D. Interference Defens

I.D. Interference Defense doubles the shielding efforts by combining two layers of EMI rejecting Mylar foil and radiated noise absorbing copper mesh, eliminating unwanted noise and interference

Body Armor

Body Armor Protection utilizes high strength nylon fibers that are woven tightly around the ultra flexible PVC cable integrity when confending with sharp metal, vibration, and moisture

Silver-plated OFC copper conductors

Noise shield directional construction uses 3 tightly twisted conductor bundles (+, -, signal drain)

Dual Mylar foil for EMI noise reduction

Metal braided shielding

Body Armor Protection

SKU	DIMENSIONS
XI3220	2 Channels 20ft.
XI3217	2 Channels 17ft.
XI3212	2 Channels 12ft.
XI326	2 Channels 6ft.
XI323	2 Channels 3ft.
XI32YM	2 Channels Y Connector 2 Male / 1 Female
XI32YF	2 Channels Y Connector 2 Female / 1 Male
XI3417	4 Channels 17ft.
