CAM-HY4-RT OEM Reverse Camera Retention Lead For Hyundai Vehicles

APPLICATION:

Hyundai

Velostar 2011 - 2017

The CAM-HY4-RT is a reversing camera retention lead specially designed for use on the Hyundai Velostar. This easy to install plug and play system allows users to retain the use of the factory installed camera system when installing an aftermarket head unit to their vehicle.

DISCLAIMER:

Prior to Installation

Read the manual prior to installation. Technical knowledge is necessary for installation. The place of installation must be free of moisture and away from heat sources. Please ensure you use the correct tools to avoid damage to the vehicle or product.

Connects2 can not be held responsible for the installation of this product.

Technical Support

Connects2 want to provide a fast and suitable resolution should you encounter any technical issues. With this in mind, when contacting Connects2, try to provide as much information as possible. This will speed up the process and help us to help you.

Please use our dedicated online technical support centre: support.connects2.com
